- 214 adult red wolves under human care in 43 partner facilities.
- 2 litters born. Point Defiance Zoo and Aquarium and Reflections Riding Arboretum and Natural Center. Total of 14 puppies with 13 surviving. More litters expected over the next 4 weeks.
- New member of the red wolf SSP. Oglabay's Good Zoo in Wheeling, WV. Two 3 year old sisters recommended to be sent there from the Wolf Conservation Center in New Salem, NY
- Annual RWSSP meeting cancelled due to Covid-19. RWSSP management team will meet virtually to create the breeding and transfer plan. Tentative planning for a reporting meeting to be held for all partners in the end of July.
- Reflections Riding Arboretum and Natural Center has broken the record for the longest live wolf under human care. They have a female that will turn 17 on April 24<sup>th</sup>.
